The Gear Edges

Specialists in finest quality delrin gears.

Precision Engineered | High Performance | Built to Last

OUR PRODUCTS

Bar Stock

★★★★½ (10)

High-quality bar stock for precision machining and industrial use.

Explore →

Poly V Pulleys

★★★★½ (37)

Durable and efficient pulleys designed for smooth power transmission.

Explore →

Sheet Metal Pulleys

★★★★½ (44)

Precision sheet metal pulleys built for strength, reliability and performance.

Explore →

Bushes

★★★★½ (5)

High-performance bushes for reduced friction and long-lasting use.

Explore →

Timing Pulleys

★★★★½ (25)

Accurate timing pulleys for synchronous motion and industrial applications.

Explore →

Sprockets

★★★★½ (30)

Robust sprockets for smooth chain drive and heavy-duty performance.

Explore →

Delrin Gears

★★★★½ (30)

Premium delrin gears known for precision, durability and reliability.

Explore →

Rack and Pinion

★★★★½ (50)

High-precision rack and pinion systems for linear motion and control.

Explore →

PREMIUM QUALITY
Finest quality delrin gears and components.

PRECISION ENGINEERED
Engineered for accuracy and superior performance.

DURABLE & RELIABLE
Built to last with high strength and efficiency.

WIDE RANGE
Complete range of gears, pulleys, sprockets and mechanical components.
